

## Occupational Risk Engineering

Argent Health & Safety, part of the Parabis Group, is a unique specialist provider of health and safety services to the insurance and travel and tourism industries.

With over 50 years of experience supporting leading brands within the industry, we deliver solutions tailored to the needs of our clients. We are innovative and responsive to their needs ensuring that they comply with legal and corporate responsibilities.

Our professionally qualified staff deliver a consistent and quality service that is both cost effective and a benchmark for leading representative bodies.

## Bespoke Service

Argent provides clients with expert advice and service in the field of employers' liability risk engineering. Our aim is to ensure that you have robust systems in place to not only prevent accidents but the confidence that should an accident occur you have the correct, compliant systems in place to defend any subsequent claims or regulatory action.

## Risk Surveys and Benchmarking

Argent provides guidance on the basic effectiveness and consistency of your management systems across all your sites of business.

Our high quality surveys have delivered proven success for clients, providing a cost effective method of drawing out any basic deficiencies that may lie within your health and safety management systems.

## Claims Improvement and Defence Assessment (CIDA)

Based on our survey information and full site visit Argent will then provide an evaluation of your ability to prevent and defend claims. Our report focuses on the pre-action protocols for personal injury and disease, as well as evaluating your health and safety management systems in detail.

Our aim is to identify opportunities for targeted and cost efficient improvements to limit the potential for accident and ill-health related incidents.

Where there are a significant number of outstanding claims, our review will additionally include a claims audit by specialist lawyers in order to advise of issues of defensibility.

## CIDA Hotline

Argent Health & Safety provide a free CIDA hotline for clients. This unique service will provide you with instant direct access to a specialist solicitor to discuss risk management, insurance and legal issues and where possible answer your concerns immediately.
