

Cruise Ship Services

Argent Health & Safety understand the particular nature of cruise travel and the unique requirements of tour operators in this area. Argent Health & Safety has a team of highly qualified inspectors experienced in handling investigations on all types of cruise ship.

Our teams are experts in investigating and controlling illness incidents and inspecting against US and European standards of vessel sanitation.

At all times, Argent work with clients to deliver high quality practical solutions that are relevant to individual business needs.

Key Services

- Infection control policies and outbreak procedures for Norovirus and other viral illnesses
- Inspection against the United States Public Health (USPH) Vessel Sanitation Programme
- Food safety audits relevant to the operation in hand with comprehensive action plans
- HACCP advice, documentation and monitoring in accordance with internationally recognised standards
- Investigation service to follow up on complaints and incidents of food poisoning
- Cost effective solutions to food safety problems
- Expert witness in support of due diligence
- Accident investigation
