Continued Growth Prompts Office Move for Argent Midlands

The Midlands arm of specialist liability adjusting firm Argent Liability Adjusters, part of the Parabis Group, has moved to new larger premises as it continues to grow its presence in the region.

The move to the new state of the art premises accommodates both the recent growth and success of the team, headed by Paul Dulwich, as well as anticipated future growth. In addition the new office is strategically well positioned to allow easy access and rapid response times across the Midlands.

Neil Ventris, Managing Director of Argent, said:

"The move to larger premises reflects our strong performance to date. We are excited about the move which will allow us to serve our clients even better, support our staff and give us the room to expand even further in the future."

The new address is:

Rayns House, Rayns Way, Watermead Business Park, Syton, Leicester, LE7
1PF
